DR*Net*®/Vision

Enhanced to better integrate with modern databases and processes.

DR*Net*®/Vision makes it easy to turn formerly silo-ed data into information that better supports the creation of actionable insights.

DR*Net*®/Vision leverages data replication in new and important ways ensuring todays enterprises thrive in a competitive marketplace where decision-making happens in real time.

Product Description:

DR*Net*®/Vision: offers further evidence of the comprehensive capabilities of the DR*Net*®/Core product suite, enhanced to better integrate with modern databases and processes. DR*Net*®/Vision integrates with any JDBC compliant database as delivered with DR*Net*®/Open but includes support for integration with any JSON data consumer including Kafka, Splunk>, ELK and many more. Whereas DR*Net*®/Open supports integration on a record to record basis, DR*Net*®/Vision ensures enterprises have visibility to all actions taken on data. In so doing, the history of data created on NonStop can be fully leveraged by any of these JSON data consuming product offerings.

DR*Net*®/Vision

Features:

- Real-time data replication in support of data distribution and integration whereby NonStop data, Measure data and metadata, can be fully utilized in support of any mix of Business Intelligence (BI), Artificial Intelligence /Machine Learning (AI/ML) and Data Warehouse processes.

- DR*Net*®/Vision fully utilizes self-describing JSON open standard file formats and data interchange formats that are industry standard as they are universally embraced.

- DR*Net*®/Vision fully supports the transformation of data in flight as part of enhancing business opportunities.

Benefits:

- Helps users turn silos of machine data into actionable insights for the business.
- Integrates with any JSON data consumer like Splunk, ELK and Kafka.
- Enriches your data and provisions to the powerful data analytics toolsets.

DR*Net*®/Unified

PROVisioning: Excellence in Data

NTI focus is on NonStop data, your data: NTI excels with its professional provisioning exhibiting excellence in all aspects of data movement.

NTI attention is on preserving integrity, your data safety: NTI ensures back up of the critical data for more meaningful business insights takes place continuously in real time. When deploying data replication solutions, mitigating risks mandates operating from a safe haven.

Enterprises value NTI and its history, access, value, experience and its ability to navigate every route taken by data created on NonStop. With direct sales and support engagement, NTI not only makes certain a simplified line of sight is maintained and in so doing, provides the lowest Total Cost of Ownership (TCO).

Replicated
for Business Continuity

Integrated
for Business Insight

Distributed
for Business Cooperation

Transformed
for Business Opportunity

When it comes to deploying data replication, mitigate all migration risks working out of a safe HAVEN.

Considering migrating away from existing solutions on NonStop?
Reduce your risk and trust the NonStop partner with a long-standing tradition of supporting NonStop customers.

There are five important components to consider that differentiate NTI from all competitors:

H FOR HISTORY — **NTI pioneered Change Data Capture (CDC) technology for NonStop over three decades ago**
- the least intrusive, lightest footprint and best performance

A FOR ACCESS — **Talk directly with NTI**
- only replication solutions vendor with direct sales and support for HPE NonStop

V FOR VALUE — **Fully integrated enterprise replication solution on NonStop**
- one stop shopping; no additional products required

E FOR EXPERIENCE — **Most comprehensive replacement product suite, lowest investment option, leveraging real-world experience**
-best alternative to poorly support product offering lacking verifiable roadmap

N FOR NAVIGATE — **Ease of networking, connecting with Databases, Business Intelligence, Data Warehouses,**
-industry-standard integration via JDBC access calls and JSON messaging
